

Cranmer Country Cottages - Travellers Code of Conduct

Home Farm Cranmer is set within 175 acres of privately owned arable and pastureland and located within 15 miles of Holkham and Wells and the beautiful north Norfolk coast - a designated area of Outstanding Natural Beauty. The farm is set in a rural location and within easy reach of the renowned beaches and salt marshes, including the Blakeney Point for bird-watching and the chance to see common and grey seals.

Sustainability is at the heart of our Norfolk Farm holiday accommodation. In choosing to stay at Home Farm Cranmer guests are able to enjoy a carbon saving holiday experience without sacrificing comfort or even luxury. At Cranmer Country Cottages we have committed to a number of green energy and conservation projects turning green policies into reality. Much of our energy comes from renewable sources - wind, sun and ground source heat. We simply ask our guests to assist us by adopting considerate use of energy and water supplies, shopping locally and giving the car a rest during their stay.

We feel that it is important to support our local community and our regional distinctiveness. We sponsor the Hawk and Owl Trust local community nature reserve at nearby Sculthorpe Moor. We provide delicious home cooked meals or bespoke Walsingham Farms shop food hampers for arrival suppers and breakfasts and feature the work of local artists in our games room and within our properties. We are happy to recommend a number of good local pubs and restaurants where food is prepared from fresh locally sourced ingredients.

Our environmental policy is on our website and in our visitor information packs. We want you to experience the best the local area can offer, so we provide a cottage guide supported by our website with ideas for days out locally or with a maximum of 46 miles from us. We can provide cycles for hire and information on local walks and bike rides. We are a green business, but you don't need to be super green to stay here - it's for everyone.

We hope you have a great holiday experience, we just ask visitors to respect our region and its diverse landscape and wildlife habitats. You can find links to the CountrysideCode:<http://www.naturalengland.org.uk/ourwork/enjoying/countrysidecode/default.aspx> and The Wash & North Norfolk Coast good Practice Guide <http://www.esfjc.co.uk/ems/pages/gpg.htm> on our website and within our guest information folders.
